

BEGINNERS BIKE TOUR FROM MONGUELFO TO LAKE BRAIES (11 KM)

Thank you for choosing our offer for your vacation in South Tyrol.

For you to enjoy your holiday without any worries, you will find a description of your chosen tour here.

The tour for beginners is perfect for a fun day with family or friends, where you can enjoy the beautiful panorama of the Dolomites. The tour starts at the bike rental "**PAPIN SPORT MONGUELFO**" (1). From there you can follow the signposted cycle path to Ferrara. Just before Ferrara you will find the **HOTEL EDELWEISS** (2) where you can stop for a bite to eat and restore your strength with traditional dishes before the last part of the tour. From there, you can follow the signposted trail no. 1, which takes you along slightly steep forest paths, through the village of Braies, past picturesque mountain landscapes to **LAKE BRAIES** (3). There you can relax on a boat trip on one of the most beautiful lakes in the Dolomites.

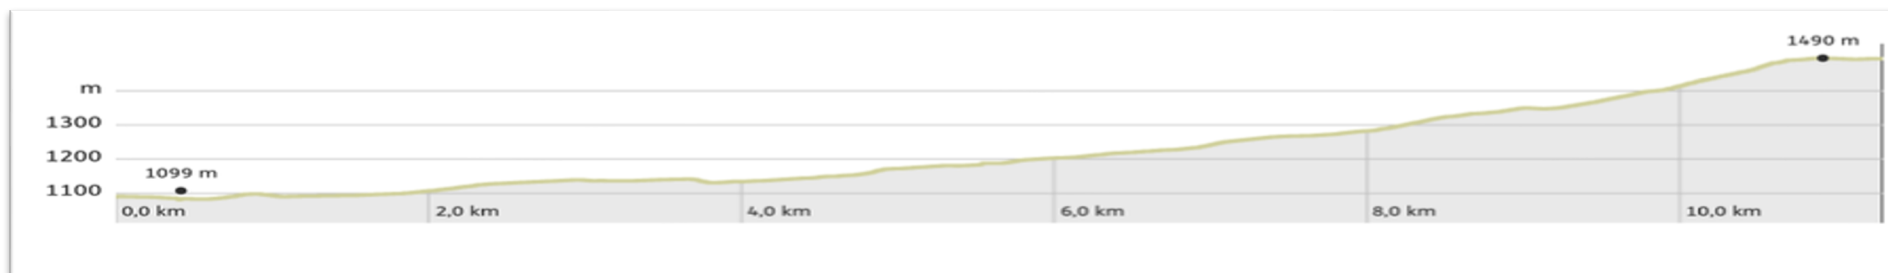

On your return, you can simply cycle back the same way following the signs and the cycle path to **PAPIN SPORT in MONGUELFO** (4) to return your bike.

Please check the battery of your bike and inform yourself about the opening hours of the bike rental.

Returning the bike to another Papin rental shop costs €7 per bike.

You can take the train back to Monguelfo free of charge.

If you have any problems, you can always stop at a nearby Papin rental shop.
