

BIKE TOUR FOR EXPERTS FROM MONGUELFO TO LAKE BRAIES (65KM)

Thank you for choosing our offer for your vacation in South Tyrol.

For you to enjoy your holiday without any worries, you will find a description of your chosen tour here.

The challenging tour for experts starts at the "PAPIN SPORT MONGUELFO" bike rental (1). From there, you can follow the signposted cycle path towards Dobbiaco until you reach the **LATTERIA DI DOBBIACO** (2). If necessary, you can recharge your battery there. Continue along the cycle path, past the train station in Dobbiaco, until you reach **DOBBIACO LAKE** (3). Trail no. 37 takes you to **LANDRO LAKE** (4) and from there, 800 meters uphill on a forest path to **PRATO PIAZZA** (5). The road is a steeper, but this should not be a problem with an e-bike. There you can take a break in the restaurant and enjoy the spectacular view of the Dolomites while you recharge your bike's battery. Then cycle downhill into the village of Braies, along picturesque mountain landscapes to the **HOTEL EDELWEISS** (6), where you can take another short break.

Follow trail no. 1 to **LAKE BRAIES** (7), where you can relax on a boat trip on one of the most beautiful lakes in the Dolomites.

You can return via the signposted cycle path back to **PAPIN SPORT in MONGUELFO** (8) to return your bike.

Please check the battery of your bike and inform yourself about the opening hours of the bike rental. Returning the bike to another Papin rental shop costs €7 per bike.

You can take the train back to Monguelfo free of charge.

If you have any problems, you can always stop at a nearby Papin rental shop. (Tel. 0474 913450)
